

curiious.com/IQ

Revolutionizing how students create, learn, work and collaborate in the classroom.

Curiiious IQ is a multi-user, collaborative Virtual Reality platform designed to drive the impact of VR in group learning environments.

Curiiious IQ Virtual Reality Platform

Teacher-led training

Group playback x50 students

Visibility in the VR environment

Interactive challenges

Analytics platform

Creator's toolkit

Greater Outcomes. Greater Efficiency.

Increase classroom engagement and learning retention.

(Allcoat & Muhlenen, 2018).

Evoke individual empathy and social understanding.

(Herrera, F., Bailenson, J.N., Weisz, E., Ogle, E. & Zaki J. (2018) Building long-term empathy: A large-scale comparison of traditional and virtual reality perspective-taking).
